Python, Pandas, Numpy, Matplotlib, Keras, Scikit-learn
**Back-end**
Django, React, Next.js
**Front-end**
HTML, CSS, Bootstrap, Javascript, NPM
**Tools**
Git, Github, VS Code

## Academic Background

### B. Tech (Artificial Intelligence)
*Amity University, Noida | 2019-2023*
CGPA: Awaited
Recipient of Dr. Ashok K. Chauhan 100% scholarship.
Member of Strokes (Fine Arts Society).
Member of Artificial Intelligence Club.

### Senior Secondary Education
*Amity International School, Pushp Vihar | 2018-2019*
Percentage: 94% in PCM

### Senior Secondary Education
*Amity International School, Pushp Vihar | 2016-2017*
CGPA: 10/10

## Experience and Projects

### Artificial Intelligence Project Intern
*iotiot.in | January 2021 - present*
Currently working on an industry project, based on gesture recognition.

### Python Project Intern
*The Sparks Foundation | February 2021 - present*
Performing Data Science Analysis on different datasets.

### Python games
*GitHub Link | 2020*
A game application made in python. It has 5 common games which can be played on a command line interface or on a graphical interface that I developed with PyQt.

### Portfolio Website
*GitHub Link | 2020*
My portfolio website developed with next.js displaying my caliber using HTML, CSS, javascript, and react.

### Voice Assistant
*GitHub Link | 2020*
A voice assistant developed in python as my end semester project. It has a wide range of functionalities and a GUI in development.

## Personal Interests

- Drawing and Painting
- Artificial Intelligence
- Reading and Writing
- Photography
- Video Games

## Additional information

- Received a junior diploma in Fine Arts
- Professional proficiency in English and Hindi
- Intermediate proficiency in French
